G.O.P. CONVENTION TOMORROW

ROTTENEST BEST GAME OF SEASON

ADA AND ALLEN CROSS BATS ON
ALLEN'S DIAMOND — TEN
INNINGS REQUIRED
FOR FINISH.

Probably the rottenest, and at the same time the most thrilling, ball game of the season was played yesterday afternoon between the Ada and Allen teams on the latter's diamond.

Both teams had bluffed and grand stood for a week about what they were going to do to each other yesterday and as a consequence the excitement began to run high early in the day. It is estimated that at least four hundred people went over from Ada to witness the slaughter of the Pontotoc County Oilers. In fact people were there from all surrounding towns and the rooting was intense from start to finish. The betting was slow early in the day but before the game had dragged itself wearily through to the seventh inning the oilers got their second wind and loosened up with the change.

The game was called promptly at three o'clock and, aside from a slugging match and a run play in front of the grandstand about middle way of the game all was well with the more than two thousand spectators who braved the blistering sun on the uncovered amphitheater of the Allen field.

When umpire Wray called the game Ada went to the bat with the blare and bluster of a Roman chariot racer. Nothing happened until the second inning when Ada batted the ball all over the field and ran in five scores. Allen's pitcher was tall and angular and had a "wind-up" that would make the spring in a Waterbury watch turn green in the sunshine, but it was soon learned that if he threw a strike at all it was purely accidental. Not only that but on one occasion he attempted to pitch and umpire the game at the same time and in his wrath made a pass at him rather than play the game with boxing gloves than with the pill. Batteries for Allen were Brazil and Strain and for Ada Morgan and Stagner.

In the fourth inning Allen scored. The fifth was a cut up with nothing of importance except plenty of errors on both sides. In the sixth Ada blew up and let the Allen slugs put five men across the plate, tying the game. At this point some enthusiasts of the benzine burg took up a collection for the fellow who tied the game and covered himself with glory. The yelling and cheering was so wild that the music of the Ada band was drowned and the musicians went off to the shade and took a fifteen minute nap on the green, green grass.

Manager Coleman was forced to withdraw his shortstop. Having had to play the game single handed and alone up to this point Morgan was also exhausted, as well as disgusted, and it became necessary to take him from the box and put Sigler in instead. At that moment business picked up. Allen went to the bat in the seventh and put two men across. The eighth was air tight and (Continued on Page 8.)

PROHIBITION IS UPHELD BY COURT

ENFORCEMENT ACT ALSO CON-
STITUTIONAL SAYS SUPREME
COURT. STATE PETITIONS
DISMISSED

By the Associated Press
WASHINGTON, June 7.—Both the Federal prohibition amendment and the enforcement act passed by congress were held constitutional today by the supreme court.

The opinion was rendered by associate justice Van Deventer. The court dismissed petitions filed by the state of Rhode Island to have federal officials enjoined from enforcing prohibition in that state. The court also dismissed injunction proceedings brought by the state of New Jersey to prevent enforcement of prohibition within that state. Injunctions restraining prohibition from interfering with the Manitowoc Products company, a Wisconsin corporation, in the manufacture of beer, containing more than one half of one percent alcohol, were dissolved by the court. The court upheld federal court decrees dismissing proceedings brought to enjoin the prohibition amendment from being enforced against Christian Feigen-span, a brewer of Newark, N. J. Federal court decrees denying similar injunctions sought by the St. Louis Brewing association likewise were affirmed.

WASHINGTON, June 7.—The court's opinion, on the main issues involved, was unanimous. Associate Justice McKenna and Clark, however, dissented in part.

Associate Justice McKenna in still another opinion said:

"The court declared conclusions only, without giving reasons for them. I must at least excuse, if I cannot justify my dissent."

Justice McKenna said the Rhode Island and the New Jersey cases should have been decided on their merits. He added that he did not agree with the action of the court in reversing the Wisconsin case.

Associate Justice McReynolds, while not dissenting from the court opinion said he confined his conclusion to the fact that it is impossible to say what construction should be given to the Eighteenth amendment. A multitude of questions will arise and I prefer to remain free when they arise."

WASHINGTON, June 7.—Validity of the prohibition amendment and portions of the enforcement act was involved in seven separate proceedings before the supreme court. Two of these were original suits brought by Rhode Island and New Jersey as sovereign states to enjoin enforcement in their jurisdictions upon the grounds that both enactments were unconstitutional. The other cases were direct appeals from lower court decrees.

Steps to institute the suits were taken immediately after the amendment became effective on January 16 and on motion of counsel their consideration was expedited.

In both the Rhode Island and New Jersey suits the validity of the eighteenth amendment was attacked but the New Jersey case also alleges (Continued on Page Five)

REPUBLICAN PRESIDENTIAL POSSIBILITY

SENATOR PHILANDER C. KNOX

As the Date of the Republican National Convention Approaches, United States Senator Philander C. Knox, of Pennsylvania, Grows as a Possibility of the Republicans for Presidential Nominee. He Is Probably One of the Keenest Lawyers, Statesmen and Jurists in America Today.

FEDERATION TO URGE PALMER IMPEACHMENT

By the Associated Press

MONTREAL, Canada, June 7.—The American Federation of labor meeting for the second time on foreign soil, opened its fortieth annual convention here today. More than 500 delegates were present when the convention was called to order by President Samuel Gompers. It was announced that some of the resolutions would deal with the political situation in the United States, the high cost of living, bolshevism, profiteering, the "one big union," President Wilson's foreign policy, industrial courts, public ownership of the railroads and Attorney General Palmer, whose impeachment will be urged.

By the Associated Press

MONTREAL, June 7.—Any attempt to enforce compulsory labor by making strikes unlawful must be resisted at all costs, Samuel Gompers, president of the Federation of Labor declared today in his address at the opening of the Federation's fortieth annual convention.

"Have no fear as to what the result will be," he said, "as long as I have life and my mind is not impaired I shall stand for the right of the men and women toilers of the world to be free, untrammelled and unowned by any force."

PROSPECT GOOD FOR PEANUT MILL

BUSINESS MEN GO TO ARDMORE
AND FIND BUSINESS INDU-
STRY THAT CAN BE ADDED
TO ADA

Mr. T. O. Dandridge and Mr. Ashton, of the local produce company, J. B. Hill, county demonstrator, and O. N. Walker, secretary of the Chamber of Commerce went to Ardmore last Friday to investigate a peanut and pecan mill proposition. Mr. Walker states that the mill they found there is a good one and is almost brand new. The mill is out of operation there because many of the farms there, formerly used in the production of peanuts, are now in the oil district and peanut production has been materially hampered.

This mill hulls and grades peanuts and pecans. It is said that twenty carloads of peanuts can be handled daily.

Should the mill be moved here (Continued on page 5.)

Notice, Masons.
Ada Lodge No. 119, A. F. & A. M., will meet tonight at 8 o'clock for work in the Master Mason degree. Visiting Masons welcome.—R. H. Gladwell, W. M.

MORE MONEY FOR RAIL IMPROVEMENT

By the Associated Press

WASHINGTON, June 7.—Immediate appropriation of \$125,000,000 of government funds for the use of the railroads to purchase new rolling stock was announced today by the interstate commerce commission. The money will be advanced out of the \$300,000,000 revolving fund provided in the transportation act.

Appropriations for additions and betterment to promote the movement of cars were fixed at \$73,000,000. Appropriations to meet maturing obligations were fixed at \$50,000,000 and appropriations for loans and carriers at \$12,000,000.

By the Associated Press
WASHINGTON, June 7.—Of the total to be advanced for rolling stock, \$75,000,000 will be set aside for the purchase of freight cars preference given to twenty thousand refrigerator cars to move fruit crops, and \$50,000,000 will be set aside for the acquisition of locomotives, with preference given to freight and switching locomotives. In each case first allotment will be made to roads making the greatest advances to meet the government loan.

PONCA CITY.—Friends of Herbert Hoover have planned a rapid fire campaign for the former food administrator for president before the convention begins June 5.

OKLAHOMANS TO VOTE FOR HAMON ON FIRST BALLOT—WOOD, LOWDEN AND JOHNSON MEN ARE VERY BUSY.

By the Associated Press

CHICAGO, June 7.—The imminence of the republican national convention which begins its discussion at noon tomorrow, apparently worked today to further the cloud instead of clarify the question of who is to be the nominee for president.

Wood, Lowden and Johnson supporters were working hard for the advantage and all were claiming victory as the ballot of uninstructed delegates rolled into Chicago, but the best claims of the three amounted to little more than one fourth of the total delegation strength on the first ballot and it takes a majority to nominate.

With prospects of a deadlock thus becoming better hourly "favorite sons" and "darkhorses" had further tangled the knotted reins of control for which the party leaders are wrestling.

At least some and possibly all of the 137 contests decided by the national committee will be brought before the credentials committee for a rehearing and a few may be decided finally on the convention floor itself.

There were indications today that a League of Nations plank, over which one of the bitterest convention fights had been predicted might soon be given the approval of all leaders, except a small group of mild reservation senators.

In the fight over permanent organization, the Wood forces will throw at least some of their strength for former Senator Beveridge.

Friends of Governor Sproul of Pennsylvania said the governor had no particular choice for the permanent chairmanship. Senator Johnson is for Senator Borah of Idaho, if the latter indicates that he desires the chairmanship. Alvin McDonald, member of the Oklahoma delegation announced that Jake Hamon, national committeeman elect of Oklahoma, would receive the Oklahoma vote for president on the first ballot. Mr. Hamon is said to be placed in nomination by former representative Bird S. McGuire.

Nomination of Governor Lowden will be seconded, it was announced in five minute speeches by Governor Edwin P. Morrow of Kentucky, and former representative Chas. E. Pickett of Iowa.

CHICAGO, June 7.—No changes have appeared today in the convention lineup, and none are expected.

Twenty hours before the convention assembled it is an absolutely unbossed, unlead affair and as the bewildered delegates mill around the hotel lobbies awaiting the absence of leadership the men who were the real leaders in the years gone by find a grim satisfaction in referring to the charges of bossism, which were so freely hurled at them at former conventions. They are asking delegates if it is better to be led than lost.

Local Citizen Is Arrested on Charge Of Wife Desertion

J. C. Sherman was arrested in Ada yesterday by the city police on the warrant of a telegram stating that he was wanted on a charge of wife desertion in Kansas City, Kansas. A petition asking for a writ of habeas corpus was filed in district court today by E. J. Walker,

who is attorney for Sherman. This petition will be heard in district court next Friday, and in the meantime Sherman is out on bond.

Several days ago Sherman filed suit in district court for a divorce from his wife alleging in his petition that he had married her in Kansas City several months ago and that she has refused to accompany him to Ada, which city is his home. Sherman has been a resident of Ada for several years.

The News Is all You Need

The Evening News has just completed arrangements with the Associated Press by which it will cover the big Republican convention at Chicago this week and the big Democrat convention at San Francisco the latter part of the month with a complete report.

Whether you know it or not the Evening News is giving you in condensed form all the news you can get from any other newspaper published in America. We are determined that the Evening News shall be second to no daily paper in Oklahoma, to say the least, and when you subscribe for the News you get all you can get from any other daily in the state so far as general news is concerned. In addition to that you get ALL the local news.

Remember that during the big convention it is not necessary for you to buy other daily papers to get the news, as we will give you the very latest dispatches up to 2:30 each afternoon.

Big Smoker Tomorrow Evening

The Ada Chamber of Commerce will hold its big annual Smoker at the district court room tomorrow evening at eight o'clock. At this meeting the keynotes for the year's work will be sounded by the club's oratorical talent and many important matters will be hurriedly considered.

On this occasion the Chamber will have as their guests the members of the Lions Club and the American Legion. Refreshments will be served at the proper time.

We will also have with us on this occasion the Hon. D. Hayden Linebaugh, of Muskogee, famed throughout the state as one of the best platform speakers and the man who will introduce Owen for president at the San Francisco convention. He will make the principal address.

Every paid up member of the Chamber of Commerce, every Lion and every Legion man is urged to be present at this function.

Don't Forget the Big Chamber of Commerce Smoker at District Court House Tomorrow Evening, 8 o'Clock

NOTICE TO PAVING CONTRACTORS

Notice is hereby given that, in pursuance to Paving Resolutions Nos. 6-3, 7-3, 8-3, 9-3, 10-3 and 11-3 passed by the Board of Commissioners of the City of Ada, Oklahoma, on the 2nd day of June, 1920, sealed bids will be received at the office of the City Clerk of the said City until 2:00 P. M. on the 10th day of June, 1920, for the furnishing of the materials and the performance of the work necessary for the paving and otherwise improving in the manner and subject to the conditions hereinafter set out, of the streets, avenues and alleys and portions thereof in the following Street Improvement Districts in the City of Ada, Pontotoc County, Oklahoma, hereto established by resolutions passed by the Board of Commissioners, to-wit:

STREET IMPROVEMENT DISTRICT NO. 6
SOUTH RENNIE AVENUE from the south line of Main Street to the south line of Blocks 138 and 139 Original Plat; SOUTH BROADWAY from the south line of Twelfth Street to the south line of Blocks 139 and 140 Original Plat; SOUTH TOWNSEND AVENUE from the south line of Twelfth Street to the south line of Twentieth Street; BELMONT AVENUE from the south line of Twentieth Street to the north line of Twenty-second Street; THIRTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; FOURTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; FIFTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; SIXTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; SEVENTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; EIGHTEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; NINETEENTH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; TWENTIETH STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; TWENTY-FIRST STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue; TWENTY-SECOND STREET from the east line of South Townsend Avenue to the west line of South Broadway, and from the east line of South Broadway to the west line of South Rennie Avenue.

STREET IMPROVEMENT DISTRICT NO. 7
NINTH STREET from the east line of North Broadway to the east line of Blocks 6 and 7, Normal Heights addition to the City of Ada, Oklahoma; TENTH STREET from the east line of the Missouri, Kansas & Texas Railway company's right-of-way to the east line of the Francis Avenue; NORTH RENNIE AVENUE from the southerly line of the Missouri, Kansas & Texas Railway company's right-of-way to the north line of Ninth street and from the south line of Ninth street to the north line of Main street; NORTH HOPE AVENUE from the south line of Ninth street to the north line of Tenth street, and from the south line of Tenth street to the north line of Main street; FRANCIS AVENUE from the south line of Ninth street to the north line of Tenth street; ALLEY IN BLOCK 79 ORIGINAL PLAT from the west line of said block to the east line of said block.

STREET IMPROVEMENT DISTRICT NO. 8
TWELFTH STREET from the east line of South Rennie Avenue to the west line of Francis Avenue; SOUTH MISSISSIPPI AVENUE from the south line of Main Street to the north line of Twelfth Street, and from the south line of Twelfth Street to the south line of Block 21, Dan Hays Addition to the City of Ada, Oklahoma.

STREET IMPROVEMENT DISTRICT NO. 9
MAIN STREET from the northerly line of the Atchison, Topeka & Santa Fe Railway Company's right-of-way to the west line of Block 14, Glenwood Addition to the City of Ada, Oklahoma.

STREET IMPROVEMENT DISTRICT NO. 10
SOUTH JOHNSTON AVENUE from the south line of Main Street to the south line of Block 143, Original Plat, and Block 27, Dag's Addition to the City of Ada, Oklahoma; EIGHTEENTH STREET from the east line of Johnston Avenue to the east line of South Stockton Avenue; THE EAST AND WEST ALLEY, IN BLOCK 99, ORIGINAL PLAT from the west line of said block to the east line of said block.

STREET IMPROVEMENT DISTRICT NO. 11
SOUTH CHERRY AVENUE from the south line of Eighteenth Street to the south line of Main Street; EIGHTEENTH STREET from the east line of South Johnston Avenue to the north to the west line of South Townsend Avenue.

The cost of such improvements on said streets, avenues and alleys including all street intersections

and alley crossings shall be borne and paid by the owners of property benefited by such improvements upon the said portions of said streets, avenues and alleys hereby ordered to be improved.

The entire cost of said improvements on said portions of such streets, avenues and alleys and each of them shall be apportioned to and levied and assessed against the abutting property liable to assessment therefor, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma, governing the same.

The plans and specifications for the improvements of the said streets, avenues and alleys and portions thereof have been prepared by the City Engineer, have been adopted by the Board of Commissioners and include and set forth in detail all of the different materials and plans and methods of construction hereinafter set out. The plans, maps, profiles, specifications and estimates are on file in the office of the City Clerk.

The class of construction for Street Improvement Districts Nos. 6, 8, 9 and 11 shall consist of Rock Asphalt consisting of a five (5) inch concrete base, paint coat and a two (2) inch Rock Asphalt wearing surface, and for Street Improvement Districts Nos. 7 and 10 shall consist of single course plain concrete seven (7) inches in thickness.

Bids shall be submitted on each district separately and must be upon proposal sheets to be furnished by the City Engineer and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma or a satisfactory Bidders Bond in an amount equal to five (5) per cent of the amount of the approximate total cost of the work, based upon the Contractor's bid. The Board of Commissioners of said City reserve the right to reject any or all bids on each district separately and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid on each district separately with a sworn statement in writing that the bidder has not, directly or indirectly, entered into any agreement, expressed or implied, with any other bidder or bidders, having for its object the control of the price and amount of such bids or limiting the number of bidders. No bidders shall divulge sealed bids to any person whatever except those having a partnership or other financial interests with him in said bid, until after the said bids are opened. The violation of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with said City based upon said bid, all as provided in Section 1, Article IX, of the Charter of the City of Ada, Oklahoma.

Bids received as aforesaid will be opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma, at 2:00 P. M. on the 10th of June, 1920. All bids are required to be placed on file in the office of the City Clerk for inspection for forty-eight (48) hours after opening before the award or rejection of bids can be made.

The contract on each District separately will be awarded to the bidder submitting the most advantageous bid, who will undertake and perform the work and furnish the materials according to said plans and specifications and who will also comply with the terms and conditions contained in the resolutions of the Board of Commissioners of the City of Ada declaring the necessity of and providing for the improvement of the above named and described streets, avenues and alleys. A copy of such resolutions will be furnished to bidders, upon application therefor at the office of the City Clerk.

The Contractor to whom the contract for each district separately may be awarded will be required to execute and furnish the city for each district a good and sufficient Construction Surety Bond in amount equal to fifty (50) per cent of the whole bid, conditioned for the full and faithful execution of the work, and the performance of the contract.

The contractor will also be required to execute and furnish the City a good and sufficient Statutory Surety Bond in the full amount of the contract for each district running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery rental, labor and materials used in or about the construction of said work. This bond shall be presented to the City at the same time as the Construction Bond, and, after being approved, shall be filed with the Clerk of the District Court.

The contractor shall also furnish before the allowance of the final estimates and acceptance of the work a Maintenance Surety Bond in amount of approximately three (3) per cent of the cost of the work, conditioned for the maintenance in good condition of the paving, curbing and drainage for a period of five (5) years from the time of completion and acceptance by the city.

Complete plans and specifications can be procured from the Engineers, Johnson & Benham, Consulting Engineers, 8th Floor Firestone Bldg., Kansas City, Missouri, upon the payment of Ten Dollars (\$10.00). Upon return in good condition of all plans and specifications, within two weeks after the date of letting, a refund of Five Dollars (\$5.00) will be made. The plans and specifications are on file in the office of the City Clerk of the City of Ada, Oklahoma, and may be examined by all persons interested.

Dated this 2nd day of June, 1920.

PENNSYLVANIA'S FAVORITE SON

THIS IS ANOTHER GOVERNOR WHO IS FLIRTING WITH G. O. P. PRESIDENTIAL NOMINATION.

W. C. Sprout.

Governor William C. Sprout of Pennsylvania, republican aspirant for the presidency, is a business man who has regarded it as a duty to devote time and energy to politics and public service. Although he is still on the sunny side of 50, Governor Sprout had performed public service for 22 years in the senate of Pennsylvania before he was elected governor.

The Sprouts have been iron masters in Pennsylvania for several generations. They are of Scotch-Irish stock. William C. Sprout was born at Andrews Bridge, in Colerain township, Lancaster county, on September 16, 1870. At Swarthmore college he and Attorney General Palmer were room-mates and classmates.

Mr. Sprout married in 1892 Elmira Roach, daughter of John B. Roach, shipbuilder of Chester. They have two children, Dorothy, widow of Capt. Henry J. Klaer, and John Roach Sprout, who served in the world war with the Fourth Infantry and won five battle stars.

Elected a member of the Pennsylvania senate in 1897, Mr. Sprout was chosen its president pro tempore in 1903 and 1905. While calling himself a regular republican, he did not join the majority of his party in support of many measures sponsored by its leaders.

Perhaps the most notable feature of his legislative service was his development of the road system of Pennsylvania and his attention to educational and financial reforms. Throughout the rural districts the state highways are called "Sprout Roads." Mr. Sprout was strongly urged to be a candidate for the governorship in 1910 and again in 1914, but he declined to be a candidate, saying that he had not "cocked his hat up yet" and that he would be a candidate when the proper time came. Besides his varied business interests Sprout is a farmer upon a large scale. Personal and political friends say "he can talk to the people in their own language."

Mr. Sprout was nominated for governor by a majority of 205,000 over his opponent, J. Denny O'Neil, who was backed by the administration of his predecessor, Governor Brumbaugh; his majority at the last general election was almost 250,000, the largest ever given to a candidate for governor in Pennsylvania. His administration has been credited with vision and constructive policy. Through personal and political associations he was able to call to his side men of ability and attainment. Senator Knox said, "Sprout's cabinet is composed of men who are fully of national cabinet size." Close attention was given to organization of the departments along business lines.

Governor Sprout has been his own political leader, and the old republican organization in the state while working in harmony with him, does not attempt or claim any direction of the governor's politics or appointments. He has not agreed with Senator Penrose on many matters nor with the organization in Pittsburgh and Philadelphia. He took the position that he would not be a favorite son nor allow the power and influence of the state to be used at the Chicago convention.

O. U. WILL SUGGEST MINIMUM WAGE

It has been agreed by school boards, superintendents, and teachers alike that public school teachers are to receive more money next school year than they have previously received. The question now is: What should these salaries be? In answer to numerous requests for specific suggestions regarding a salary scale for 1920-1921, the following scale is the joint product of the directors of the School of Education of the University of Oklahoma and the Oklahoma A. and M. Col-

lege. It is intended as a minimum scale and to be helpful to both prospective teachers and employers of teachers.

Men who have had a normal school course or two years of college but are without experience, \$1215-1620, median \$1400. This is \$135-180 a month for nine months. Men with the same training who have had experience, \$1350-1800, median \$1500. This is \$150-200 a month for nine months.

Men who have an A. B. or B. S. degree but are without experience, \$1530-1900, median \$1700. This is \$170-200 a month for nine months. Men with the same training who have had experience, \$1800-2250, median \$2000. This is \$200-250 a month for nine months.

Women who have had a normal school course or two years of college but are without experience, \$1080-1260, median \$1150. This is \$120-140 a month for nine months. Women with the same training who have had experience, \$1170-1350, median \$1250. This is \$130-150 a month for nine months.

Women who have an A. B. or B. S. degree but are without experience, \$1215-1485, median \$1350. This is \$135-165 a month for nine months. Women with the same training who have had experience, \$1350-1800, median \$1550. This is \$150-200 a month for nine months.

News In Verse

The Senate probers undertook To bring the candidates to book; By questioning they sought to learn Why they had wads of dough to burn.

When others have such revenue It makes a senator feel blue. M. Deschanel, the president Of France, upon the choo choo went; He raised a window in his berth And fell kerplunk upon the earth. At his escape we're not amazed— But how'd he get the window raised? A pilot flew from Winnipeg, His precious cargo in a keg; He landed first in Iowa And made the thirsty natives pay A price for getting fairly stewed That set a mark for altitude. Assassin's prey or suicide? At least we know Carranza died; He sleeps today beneath the ground Where revolutions are not found. He's found the peace one cannot know.

If one's alive in Mexico, The price of shoes, so experts teach, Will tumble soon within our reach; The cost of gasoline, meanwhile, Is soaring in egregious style. If this keeps up, 'tis fair to state 'Twill be the tad to ambulate. Babe Ruth knows well what he's about For when some rival made a clout— A circuit smash—what did he do But rap another homer too. 'Tis thus he keeps ahead, you see, And earns his princely salary.

Notice of Sale of Oil and Gas Lease
State of Oklahoma,
Pontotoc County, ss.

IN THE COUNTY COURT

HENRY J. ALLEN LOOMS AT CH.

GOVERNOR OF KANSAS, EDITOR, ORATOR AND STATESMAN, HIS CHANCES ARE NOT SO BAD AT THAT.

Henry J. Allen.

Henry Justin Allen, governor of Kansas, and republican candidate for the presidency, is 50 years old and was elected governor of Kansas while he was in France in 1918, working for the Young Men's Christian Association.

Prior to that time he twice sought the republican nomination for congress in the second Kansas district unsuccessfully, and ran for governor of Kansas on the progressive ticket in 1912, when George H. Hodges, a democrat, was elected. Previously Governor Allen had established a reputation as a successful newspaper man and orator.

After his election to the governor's chair, Mr. Allen became nationally known. He took over the coal mines last fall in the name of the state during the miners' strike and operated the strip mines with volunteers, which included college students and former service men. He gave his sponsorship to the Kansas industrial court law, which makes strikes illegal and provides for compulsory arbitration of labor disputes by a court of three men appointed by the governor.

Governor Allen was born at Corry, Pa., in September, 1869, and was reared in Clay county, Kans., where his father, John Allen Jr., a civil war veteran, had taken a land claim. Henry Allen was educated at Baldwin, Kansas. He supported himself while in college and left school before graduating to go into the newspaper business.

He was first employed by Joseph

L. Bristow, later United States senator from Kansas, on the Salina Republican. In 1891 he became manager of the paper and later became a partner of Bristow in the ownership of the Salina newspaper and of the Ottawa (Kans.) Herald. In 1907 the partnership was dissolved and Allen took over the Ottawa paper, which he sold in Ottawa, Kansas, in 1911.

Henry Allen's first political appointment was as private secretary to Governor Stanley of Kansas, who afterward appointed him president of the state board of charities, a position he retained under the administration of Gov. W. J. Bailey.

In 1912 Governor Allen was a supporter of Theodore Roosevelt and of the progressive party. A speech he made on the floor of the republican national convention at Chicago attracted attention.

As governor of Kansas he sponsored a land tenancy law to enable farmers to own their homes, a law

classifying property for taxation on what he declared to be a more equitable basis, and a law to permit state aid to counties in the construction of roads. These three measures are to be submitted to Kansas voters next fall in the form of constitutional amendments.

Governor Allen married Miss Elsie Nuzman, of Circleville, Kans., a college classmate, Oct. 19, 1891. They have one child, a daughter, Henriette.

SPORT EVENTS

Sport News In Brief

By the Associated Press

Cy Williams, the elongated outfielder of Philadelphia bagged two homers in the past week and is leading the round trip hitters with six.

Max Carey of Pittsburgh continued to show the way to the base stealers with fourteen, his nearest rival being Roush of Cincinnati, who has pilfered eleven.

Rapp of St. Paul is giving Leo Dressen, his teammate a fight for base stealing honors. Dressen has stolen eighteen while Rapp is four behind him. Kelly of Toledo is trailing them with eleven.

Other leading batters: O'Mara, Indianapolis .380; Wickland, Toledo .377; Henry, Columbus .360; Hartley, Columbus .329; Butler, Milwaukee .329; Berghammer, St. Paul .326; Wade, Minneapolis .327; Good Kansas City .324.

CHICAGO, Ill., June 7.—"Babe" Ruth, king of the home run hitters, who last season set a new world's record of twenty-nine, will eclipse that remarkable performance this season if he continues at his present pace.

Heinie Groh, captain of the Cincinnati world's champions, who was runner-up to Hornsby a week ago dropped to third place with a mark of .365; but he is the best run getter, having registered 32 times to the St. Louis star's thirty-one.

Speaker in addition to leading the batters, is the best run getter in the league having registered forty-one times. He cracked out fifty-eight hits in 146 times at bat in 39 games for a total of 89 bases, which include thirteen doubles, three triples and four home runs.

Other leading batters. Jackson, Chicago .366; Hendryx, Boston .355; Judge, Washington .353; Murphy, Chicago .349; Sisler, St. Louis .347; Weaver, Chicago .343; Felsch, Chicago .343; Jacobson, St. Louis .341; Hellman, Detroit .338; Dugan, Philadelphia .336; Ruth, New York .333; Milan, Washington .333.

Bogart of Joplin and Pitt of Oklahoma City are locked in a tie for the batting lead of the Western league with averages of .391. Bogart also is tied up with Lee of Omaha for base stealing honors, each having stolen twelve. Smith of Wichita is next in line with ten.

Dave Robertson, the flashy outfielder of the Chicago Nationals, is the whole show with the stick in the National League this week. Robertson moved from twelfth to second place, where he is the runner-up to Rogers Hornsby, the St. Louis star, who continues to lead with an average of .392. Robertson is batting .370 as compared with .315 a

week ago. He has averaged better than a hit a game. He has played in 35 contests and has connected with forty-eight hits, which include eight doubles, two triples and four homers.

Other leading batters: Nicholson, Pittsburgh .348; Daubert, Cincinnati .342; Young, New York .336; Williams, Philadelphia .329; Duncan, Cincinnati .327; Cruise, Boston .320; Smith, New York .315; Fournier, St. Louis .310; Wheat, Brooklyn .309; Stock, St. Louis .308; Paskert, Chicago .308.

Tris Speaker, leader of the Cleveland Indians, has stepped out in front of the regulars who played in 15 or more games with a batting average of .387 as compared with .399 last week. Johnson a teammate, who led the hitters last week dropped to second place, although he boosted his mark from .375 to .382.

Grover Alexander premier pitcher of the Chicago Cubs has a batting average of .400, but he has played in only thirteen games. Jack Fournier, the slugging St. Louis first baseman, who was making such a showing a week ago fell into a slump and dropped from fifth to twelfth place, his average now being .310 as compared to .336.

Although Carl East, the Wichita pitcher managed to cling to the home run leadership with a string of six. O'Conner of Des Moines and Davis of Tulsa are creeping up on him with five each. Yaryan and Beck

of Wichita have connected with four homers. Other leading batters: Coffey, Des Moines .379; Brannon, Tulsa .378; Shextak, St. Joseph .370; Yaryan, Wichita .359; Bonowitz, St. Joseph .355; Tierney, Tulsa .344.

Del Gainer, the Milwaukee first baseman, threatened to snatch the batting lead of the American Association from Ben Tincup, the Louisville pitcher. Tincup retains the lead with an average of .400 for twenty-five games, with Gainer in second position with an average of .386. Gainer has been on a batting rampage having connected with forty-nine hits in thirty-seven games. He has made five homers but Bunny Brief of Kansas City tops the home run hitters with seven.

Brazil of Atlanta drove Blades, the Memphis slugger, out of the batting lead of the Southern Association, with an average of .350. Miller of Little Rock is runner-up with .345. Miller is clinging to the home run honors with five, with McLarry of Memphis second with four. Carroll of Memphis added four more stolen bases to his list, bringing his total up to eighteen. Other leading batters: Blades, Memphis .340; Carroll, Memphis .331; Harper, Little Rock .329; High, Memphis .315; Wano, Little Rock .314; Moore, Little Rock .313; Dowie, New Orleans, 309; Ellis, Birmingham .307.

The New York slugger connected with a trio of homers in a double header against Washington on Wednesday, giving him a total of fifteen circuit drives this far, which is way ahead of his record at this time last

year. Ruth, as a result of his remarkable batting streak, pulled himself up among the batting leaders of the American league, according to averages released today and which include Wednesday's games. Last week he was hitting .302. This week's figures show him to be batting .333. He leads the league in total bases with ninety-six, which, besides the homers, include six doubles and three triples. He has made thirty nine hits in thirty four games.

South Australia's wheat crop for the 1919-1920 season will apparently be less than three quarters of that of the preceding year.

The grey-lag goose which still breeds in the north of Scotland and the Hebrides is the probable ancestor of the domesticated goose.

Little water is to be found on the Cape Verde islands except in ponds or cisterns.

FILING FOR STATE OFFICE CLOSES JUNE 14.

Candidates who are anxious to get into the race for state office must file their candidacy with the secretary of state by June 14. This includes candidates for representative.

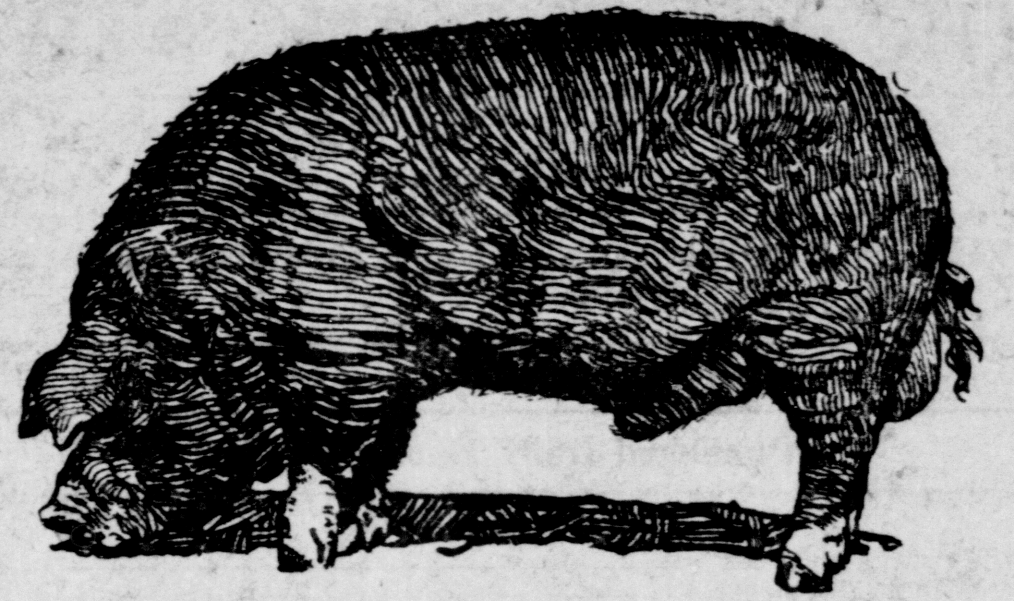

Candidates for county offices have until July 3 to file the applications for places on the ticket with the secretary of the county election board. This includes all county offices.

No matter whether a candidate has opposition or not, if he files as a party candidate he must file within the prescribed limits above.

"COUNCIL HILL BUSTER"
(From a Photo)

And letter from Texas Farm and Ranch Publishing Company, relative to this Grand Champion Poland China Boar:

The Adva-Talks Company,
Dallas, Texas.
Gentlemen:

At the request of R. A. Welch and Son of Red Oak, Oklahoma, I am enclosing herewith photograph of Council Hill Buster, Grand Champion Poland China Boar at the recent Texas State Fair. This boar is a son of Buster's Giant and a grandson of Giant Buster, and one of the greatest Poland China Boars alive.

Council Hill Buster was purchased in Mr. Welch's last Winter's sale by Parvin and Cunningham of Prosper, Texas, for \$1,050.00 when he was but a pig. After searching all over the North for a real boar Mr. Welch finally came to Texas and paid Parvin and Cunningham \$6,000.00 to get this boar back. He is one of the very best of the breed.

Trusting this is the information you desire and with best regards, I am,
Yours very truly,

Texas Farm and Ranch Publishing Company

"How I saved a policeman's life"

EVEN THE eggs.
WERE TIRED that morning.
AND THE coffee.
DIDN'T FOOL me one bit.
BUT WHEN after breakfast.
MY CIGARETTE tasted awful.
IT WAS too much.
AND A grouch started.
AND WALKING to work.
I SWORE off smoking.
AND DECIDED to fire.
MY OFFICE boy.
BUT JUST before I decided.
TO KILL a policeman.
A MAN passed me.
SMOKING A cigarette.
AND SAY but the smoke.
THAT DRIFTED back.
DID SMELL good.
AND I followed him.
INTO A store.
HE THREW down two dimes.
AND SAID "The same."
AND SO did I.
AND SO I'm still smoking.
AND STILL keep that.
OFFICE BOY and I let that.
HANDSOME POLICEMAN live.
AND I'M going to boost.
THAT MAN I followed.
FOR PRESIDENT or something.
FOR REALLY those cigarettes.
DO SATISFY.

JUST a whiff of that spicy aroma of fine Turkish and Domestic tobaccos will make you hungry for this "satisfy" smoke. There are blends and blends, but none like this one. Chesterfield's blend is a secret and it cannot be copied.

Bales of Paper Money

Are worth no more than the paper they are printed on. What makes them valuable is the coin behind them in the Treasury, and confidence in the country's stability.

A bank building, suggestive of strength though it may be, is not worth a great deal to patrons. What makes a bank desirable is the power behind its walls, the power exemplified in the character of its management.

A bank book is not a valuable thing. What counts is the power behind it, the power resulting through thrift, forethought and increasing independence.

POOR SHOWING FOR OKLAHOMA

That Oklahoma, according to an investigation recently conducted by the Russell Sage Foundation, ranks in education in the thirty-sixth place among the states of the union will not be pleasing news to the people of this state. To learn that thirty-five states are ahead of us after all the work we have done and the money we have spent to build up our educational system will hardly call for bon fires and holidays in this land of the Mistletoe.

Of the states bordering on Oklahoma the following rank is given: Colorado, 14; Kansas, 27; New Mexico, 31; Texas, 39; Arkansas, 50; Missouri, 34. Four of our neighbors are thus accredited with better school systems than we possess, while two of them are even worse off than we are. Only thirteen states rank higher than Colorado, our far western neighbor, while only two rank lower than Arkansas, our neighbor to the east. The state taking rank just between Oklahoma and Missouri is the state of Maine, one of the oldest in the union, and for that reason one that ought to be among the leaders.

But the old states as a rule are falling backward, while the new states of the west are forging ahead. The palm of leadership among the states and our possessions goes to Montana, a mountain commonwealth known throughout the east as a high example of the wild and woolly west. Strange to say the three highest in rank are among or west of the Rockies—Montana, California, and Arizona. After these come New Jersey and District of Columbia, to be followed by the western states of Washington, Iowa and Utah. New Jersey is the only eastern state that has gained during the past thirty years, while Maryland shows the greatest loss in thirty years. Utah shows the greatest gain of all the states. Every New England state shows a loss, while every far western state has gained. Kansas to the north of us has fallen backward.

The territorial possessions of the United States show remarkable advances. Hawaii leads twenty-six of the states, the Canal Zone leads twenty-two, while Porto Rico takes precedence over ten. The fact that the federal treasury is behind the educational work of our territorial possessions accounts for their splendid showing.

An encouraging feature of the recent report is that high school enrollment has increased one hundred fold in fifty years, increasing from 19,000 in 1870 to 2,000,000 in 1920. The new pupils have been mostly girls.

The above report is humiliating to Oklahoma and many Oklahomans will be shamed by the poor showing made. The recent admission of this state into the union does not excuse our low rank in education, for Arizona is younger than Oklahoma and outranks us thirty three places. New Mexico with her large Mexican population outranks us five points, notwithstanding she is several years younger in the family of states.

What is the matter with Oklahoma? What is the cause of our poor showing? What is the disease that is eating on our educational system and what is the remedy?

Seventy per cent of the pupils of this state are in the rural districts. One third of the pupils enrolled in the schools of Pontotoc County during the year just closed were enrolled in the first grade. Only one teacher teaching the first grade in the rural schools of Pontotoc County last term has had special training for that kind of work. These figures taken from the records of the county superintendent go far towards answering the question "What is the matter with Oklahoma?" They explain in large measure what ails our educational system and also suggest some of the needed remedies.

That seventy per cent of our enrollment is in the rural schools proves the vital necessity of doing more than we have done for the rural schools. The need of the rural districts can largely be met by the establishment of union graded schools and consolidated schools. Material assistance can also be rendered by adopting the constitutional amendment permitting a higher tax levy for school purposes. This amendment is to be voted on in August.

That one third of our enrollment is in the first grade proves that there is a shameful lack of enrollment in the other grades. On the face of these figures the absolute failure of the compulsory school law is indicated. This law needs material strengthening and should be rigidly enforced.

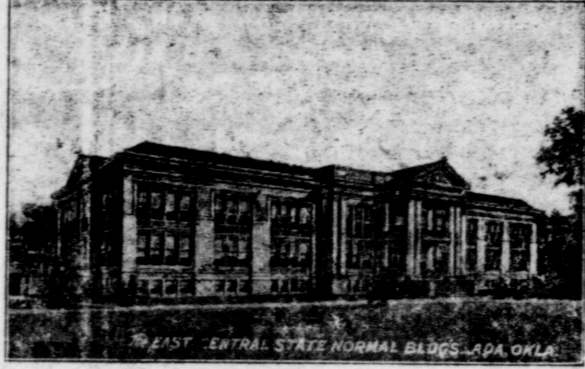

What shall we say of a condition where only one specially prepared teacher is doing work in the first grade in all the rural districts of the county? What can be said in defense of such a system? One of two things is true? The state schools are not doing the work for which they are maintained, or else the supply of trained teachers is inadequate to meet the demands. The cities and towns are employing the specialists, leaving the rural districts to shift as they may.

In either event the remedy is at hand. If our state schools

are not preparing teachers for this special work in the rural districts, arrangements must be made to have this preparation done. Both the state legislature and the board of education must do everything necessary to have these teachers prepared. At the same time work in the rural school rooms must be made so attractive, both from the standpoint of salaries paid and of working conditions, that the best teachers will be drawn to the rural fields.

Oklahoma has done well by the hundreds of students in our colleges and university. It has not done too much. Every dollar spent for higher education has probably been well spent. But Oklahoma has shamefully neglected the tens of thousands in the grades. The report of the Russell Sage Foundation gives abundant proof of our neglect. That negligence must be corrected, else the condition now proving our shame will speedily prove our disgrace.

Normal and Campus

What? Baseball? Yes, this afternoon at 3:30 on the normal campus. Bring out your gloves and get in the swim.

Miss Wanda Robinson of Quaker City, Ohio, is here attending the Normal. She is staying at the home of her brother, R. R. Robinson.

The total enrollment of the student body totaled 796, according to a statement made by Miss Carney, who is in charge of this department.

Prof. Hill is a new addition to the faculty. He will be instructor in the mathematics department. He was formerly a teacher of science in the Ada schools.

President M. L. Perkins has returned from a business trip to Enid. He will move his family to that city soon and assume the presidency of the Phillips University of that city.

The girls' glee club will hold their try-out Monday, June 7th and Tuesday, June 8th. The practice hours will be on Friday, June 11, at 9 o'clock. All members are requested to be present.

A little refreshment stand has been established in front of the normal lawn by some little boys of the city. They are selling soda pop, candy, and chewing gum (for the girls.) They report a good business.

This school is daily visited by school superintendents from all over the state who are seeking to employ teachers. On teacher was offered \$150 per month this morning to accept a position in an out-of-town school.

Evangelist W. D. Powell and Singer George W. Reynolds will be present at the assembly Wednesday morning at 9 o'clock. Evangelist Powell will make an address and Mr. Reynolds will conduct a song service.

The home economics department under the direction of Miss Francisco is doing exceptionally good work this term. A class in sewing with class hours in the morning is one of the many features of this particular department.

One noticeable feature of the normal equipment that is worthy of mention is that of the boiler room. This is in charge of H. G. Clark, an expert machinist. Mr. Clark has this department in splendid shape.

All the interior of the room is receiving a coat of kalsomine and the work throughout is being varnished. This machinery, which includes the boiler and vacuum tanks, is in fine painted and the entire heating system is being overhauled. The boiler carries a pressure of 40 pounds of steam and is ample steam to keep the entire building warm for the winter.

Book cases (or shelves) are at the disposal of students, also lockers for coats, hats and wraps is another feature recently added to the normal equipment. This eliminates trouble of getting property of students misplaced and mistakes of getting other people's property.

The "Old Man" appeared to be very bold this morning. He placed a bulletin out stating that he would positively appear in the next few days. No one saw him. He is very mysterious and everyone is anxious to find out what they can about this person.

The "key to the city of Ada" presented to the faculty of the normal, is on display in the office. This key is made of wood and painted gold, and has the colors of the normal—black and yellow. The key was presented at the Lions Club banquet on Friday night, June 4th.

Notice.

The book exchange will close this afternoon and if you have any book in the exchange please come in and get them, also there are a few students who have books that are unpaid for. Please settle for these immediately. Hours of opening are: 6:30 to 7:00 a. m. 9:00 to 10:00 a. m. 12:30 to 1:30 p. m. Only two more days remain for the closing of this department.

A Good Day at the Christian Church Yesterday was a good day at the Christian church. Splendid audiences were present at both the morning and evening worship, especially in the evening, when the minister preached to a full house on the Book of Revelation. Nearly every available seat was occupied. The young ladies quartet in the morning and the male quartet in the evening were excellent features. Six persons united with the church yesterday three by statement, and three by baptism. The three that united by statement were Mrs. C. A. Park, 823 East Twelfth, Mrs. T. P. Holt, 720 East Ninth, and Mrs. F. H. Galt.

Death of Mrs. Walsh In Sherman Hospital Blow to Community

Mrs. M. L. Walsh died Saturday night in a Sherman hospital where she had been taken for an operation. The operation itself was successful but complications setting up after the operation caused death.

Deceased was born in Missouri in 1871. She came to Oklahoma in the early days and has lived in Ada for twenty years or more. Mrs. Walsh was as well known throughout the city. She was always known as a kind, Christian character, and all who knew her will mourn her sudden death. Yet they know that she has gone to a place of tranquility and rest for those who persevere in the cause of right here below.

Mrs. Walsh is survived by her brother, Mr. J. F. Kingkade, her daughter, Mrs. H. A. Wright, her nephew Walter Oliver and her nieces Cyndie and Sallie Oliver.

The body arrived in Ada yesterday afternoon and the funeral services will be held this afternoon at 3:30 o'clock. Dr. Patterson of the Presbyterian church will be in charge. Interment will be in Rose-dale cemetery.

State Press Comment

Miami News: What if the Turks do turn Bolshevik? If an improvement is effected, why quarrel about the means?"

Pawhuska Capital: Now that a price has been put on Villa's head the wily bandit will be more conceited than ever.

lin, 510 West Fifteenth. The three by baptism were Aubrey and Mildred D. Combs and their grandfather, Mr. J. C. Combs. The baptizing took place just after the evening worship. The Endeavor meeting was well attended, and a fine program was rendered. The Endeavor room had to be used to accommodate the evening church audience.

The subject of the sermon next Sunday evening will be "Christianity and Christian Science."

Junior "L. of J." Hike

Tomorrow afternoon at 2:30 the Junior "L. of J." will meet at the Christian church for a hike to Big Sandy. The boys should bring their lunches. The juniors include those 8, 9, 10 and 11 years of age. Any one intending to join this organization, is at liberty to go on this hike. C. V. DUNN, Leader.

Conference Adjourns

By the Associated Press PARIS, June 7.—Postponement of the allied German conference, which was to have been held at Spa on June 21 is considered certain in French official circles, because of inability of officials to prepare material for discussion on that date.

LONDON, June 7.—Confirmation of the Paris report, that the allied German conference would be postponed until July was given here today.

Music Patrons, Notice.

SOCIETY NEWS

I know a place where the sun is like gold.
And the cherry blossoms burst with snow.
And underneath is the loveliest nook.
Where the four-leaf clovers grow.
One leaf is for hope and one is for faith.
And one is for love, you know.
And God put another in for luck.
If you search, you will find where they grow.
You must have hope and you must have faith,
You must love and be strong—and so
If you work, if you wait, you will find the place.
Where the four-leaf clovers grow.
—Ella Higginson.

Social Calendar

Fred W. Brydia and daughter, Miss Marvene Ewatt, left yesterday for points in Illinois and Iowa where they will visit relatives.

Misses Billie Zorn and Valli Rosser returned this morning from Roff where they have been visiting friends for the last three days.

Miss Ludie Hawkins left yesterday for Mineral Wells, Texas where she will spend her vacation. She will be away for about three weeks.

Mrs. Emma Van Meter, who has been living in Allen, left this morning for Holdenville for a week-end visit with her granddaughter, Mrs. C. M. Hardisty, who lives there.

Otis Scott of Edmond was visiting friends in the city yesterday.

Miss Avis Robinson of Francis is here attending the summer session of the Normal.

Mr. and Mrs. A. H. Davis attended the Billy Sunday revival at Oklahoma City yesterday.

Messrs. J. T. Anderson, Claud and Hugh Caruthers of Cookeville, Tenn., are here visiting friends and relatives.

Miss Esther J. Clark of Eureka Springs, Ark., is in the city for a two weeks' visit with her parents, Mr. and Mrs. L. R. Clark.

R. R. Brown of Stonewall was in the city today the guest of friends. Mr. Brown will attend the United Confederate Veterans convention at Ardmore on the 9th, 10th and 11th of this month.

Dr. N. P. Patterson will leave tonight for Austin, Texas to be with his family in that city. Dr. Patterson will move his family to this city next week. He is the new pastor of the Presbyterian church.

Mr. and Mrs. Fred Schieber will celebrate their third wedding anniversary with a six o'clock dinner this evening at their home on Renzie avenue. Quite a few intimate friends will be present and an enjoyable evening will be had by those who attend.

Miss Dorothy Duncan returned yesterday afternoon from Kansas City, Mo., where she has been taking advanced work in vocal music in Homer institute. Miss Duncan spent two terms in that institution and is much elated over her work there. She is planning to return to school there in the fall.

A. W. Parker and family left yesterday for Fort Scott, Kansas where they will attend the birthday anniversary of Mr. Scott's father and mother which will occur on Wednesday the 9th. His mother will be 62 years of age on that date, while his father will be 70. They will visit other relatives in that state before their return.

Hutchins-Anthony.

C. E. Hutchins of Holdenville and Miss Annie Anthony of Davis were married Sunday morning at 10:30. Rev. C. C. Morris performed the ceremony at the Baptist parsonage.

They left immediately afterward for Holdenville where they intend to make their future home.

Guest-Carter.

Miss Cleo Guest of this city and W. P. Carter of Russellville, Ark., were married in this city Saturday afternoon, Rev. R. C. Taylor of the Methodist church performing the ceremony.

Their marriage was somewhat of a surprise to the friends and relatives of both parties. They left immediately after the ceremony for Russellville where they will make their future home. Miss Guest is the cousin of Joe Guest of this city, and Mr. Carter is one of Russellville's leading young business men. They have a host of friends who wish for them the best of success and happiness.

C. C. P.'s Entertain.

Last Saturday the C. C. P.'s entertained with a picnic at the city lake in honor of Miss Sunshine Scoggins of Sherman, Texas, who is the house guest of Miss Lettie Rock.

The morning was delightfully spent in rowing, swimming and eating (a special feature of the C. C. P.'s.) At about 3 o'clock the girls departed declaring this auspicious occasion a never to be forgotten one.

Those present were, Sunshine Scoggins, Letty B. Rock, Lula T. McDaniel, Nora L. Abney, Reva Anderson, Alys McLachlin, Minnie McLachlin, Vivian Reed and Eunice McNew.

Sheriff Duncan went to McAlester yesterday as company and bodyguard for James Solomon, who today begins a two and one-half year term in the state prison. Solomon was sentenced Saturday by Judge Bolen in district court after he had entered his plea of guilty to assisting in the burglary of Shaw's Department Store in Ada on the night of May 8. Solomon claims to be from Hubbard City, Texas.

The other negroes jointly charged with Solomon are still in jail in Ada in default of bail and will be tried at a later term of district court.

PROSPECT OF PEANUT MILL

(Continued from Page One)

the new company for their compensation. The present owners are willing to take one-half interest in the new company for their compensation.

That this mill located in Ada would be a business asset is beyond question. Not only would it help Ada, but it would help the surrounding towns and surrounding counties as well. All will agree that the sandy ground found in numerous places near here is well adapted to the raising of peanuts.

Will we let this proposition slip? Will we sit with folded hands pondering while some other place does now? Let all the farmers back this industry. Let us all back it and add another business to our coming metropolis.

Pavement Pickups

THE Beauty of apple blossoms, like our service, is enhanced by their sincerity—their promise of pleasant fruit. Telephone items for this column to 307.

Get it at Gwin & Mays.

Have your photo made at West's.

Dr. Ella D. Coltrane, Osteopathic physician, Phone 1002. 5-1-tf.

E. J. Mallory is a business visitor in Dallas, Texas, today.

Mrs. Pat Straughn of Roff spent the day shopping in Ada.

Miss Minnie Criswell spent the day Sunday visiting her brother in Norman.

Mrs. M. B. Clark and son, Glenn, are visiting relatives in Wewoka this week.

Mr. W. H. Rollow left on the south-bound Frisco for a business trip to Roff.

Mrs. Adella Jones of Vancoss is here visiting her son, E. N. Jones, a local attorney.

The Ladies' Exchange is a mutual benefit association, for information phone 1041. 6-7-3td

Mr. and Mrs. C. H. McKellar motored to Francis yesterday and spent the day with friends.

Mrs. M. A. Gossett and granddaughter, Miss Ida Bartlett, are visiting relatives in Seminole.

Hear Dr. Powell tonight at First Baptist church on the subject, "The Plan of Salvation Made Plain." 1t

Mrs. H. A. Green who lives in Fitzhugh, spent the day shopping in Ada and also visiting relatives.

We are not responsible for any of Mrs. Fred L. Jones' bills, Mr. and Mrs. E. L. Filson, Henryetta, Oklahoma. 6-7-6td

W. L. Everman of the Pontotoc County Abstract company, made a business trip to Oklahoma City Saturday.

The revival meeting at First Baptist church continues every day. Services at 10 a. m., and 8 p. m. 6-7-1td

Mrs. Bessie Dumas and daughter of Ft. Worth, Texas, have been visiting Mrs. Mary Jones of this place and returned home today.

Mrs. J. L. Hawkins of Dallas, Texas, returned home today after a pleasant visit with her parents, Mr. and Mrs. Robert Wimbish.

The First National bank is having the front of their building on Main street painted, which adds much to the appearance of the building.

Capt. Hargis left this afternoon for Ardmore where he is to take part in the U. C. V. Annual State meeting which is being held there this year.

J. H. Patton returned Saturday afternoon from Sulphur where he attended the convention of the cotton seed crushers of Oklahoma. Mr. Patton reports a great meeting.

Mr. Davenport of Schenectady, N. Y., representing the General Electric company, is in the city to install an electric lighting and power system at the cement plant.

Mr. Kingsbury of Sioux Falls, S. D., is in the city looking after business interests. He states that he is very much pleased with this city and may make Ada his future home.

L. J. Whorton has returned from a business trip to points in the southern part of the state. He was accompanied on this trip by several eastern capitalists who will probably invest in lands in this country.

Mrs. T. E. Brents returned today from Oklahoma City where she has been visiting her daughter, Mrs. A. K. Pittman. Incidentally Mrs. Brents had the pleasure of hearing the wonderful Billy Sunday.

L. E. Jackson and wife and C. G. Hall and wife motored to Oklahoma City yesterday and heard Billy Sunday at his morning and evening services. Mr. Hall during an interview this morning said, "I never saw a n-y-t-h-i-n-g like it."

Rev. Franklin Davis returned today from Holdenville where he fills a regular appointment. Tomorrow he will go to Oklahoma City to attend the wedding of Bishop Thurston. The ceremony will take place in the cathedral there.

Mr. H. M. Shirley of Coalgate was on his way to Okmulgee this morning. Mr. Shirley was a student of E. C. S. N. in former days and is now a practicing attorney of Coalgate. He stopped in Ada for a brief visit with his old friend, E. T. Burke.

O. F. Davidson had the misfortune to wreck his car on the Sulphur road yesterday. It seems that Mr. Davidson was driving at a fast rate of speed and the car struck a large rock turning completely over. Mr. Davidson and the occupants of the car, Lindsey and Julian Davidson, escaped injury, aside from a few bruised places on their bodies.

J. M. BELL ANNOUNCES FOR COURT CLERK

In this issue of the News is found the announcement of J. M. Bell of Ada, who is seeking the democratic nomination for court clerk, subject to the primary in August.

Mr. Bell has been a resident of Pontotoc county for 25 years, and for the past eighteen months has been a resident of Ada, working in the employ of the Oklahoma Portland Cement company. He was born in Collin county, Texas, but came to Oklahoma while quite young.

Mr. Bell is yet a young man and has never before been a candidate for any office. He has a wife and six children, is a member of the Baptist church and belongs to the Masonic and Woodmen orders. He is well qualified for the office he is seeking, and the News asks its readers to give careful consideration to the candidacy of Mr. Bell.

County Agent Calls Grain Men To Meet In Ada Saturday

A call for a county-wide meeting of the grain men of Pontotoc county has been issued by J. B. Hill, county agricultural agent. The meeting will be held in the district court room in Ada next Saturday afternoon at 1 o'clock. All farmers who will have grain to thresh, all threshers, men, and all other men interested in harvesting the crop of small grain are urged to attend this meeting.

It is the purpose of the meeting to discuss the price to be charged farmers for threshing and also to arrange the routes that that threshing machines are to follow in going over the county. All interested parties are urged to be present when the crowd convenes Saturday afternoon.

PROHIBITION IS UPHOLD BY COURT

(Continued from page 1)

that even if the amendment were valid, the enforcement act was unconstitutional because it had not been concurred in by New Jersey under provisions of the amendment giving the federal and state governments concurrent power to enforce prohibition. New Jersey also contended that if the entire enforcement act were not unconstitutional, the portions of it limiting the alcoholic content of beverages to less than one-half of one per cent and relating to the dispensing of liquors for medicinal purposes were invalid.

The cases reaching the court on appeals were those of the Kentucky Distilleries and Warehouse company; Christian Figenspan, a Newark, N. J., brewer, the St. Louis Brewing association and George C. Dempsey, a wholesale liquor dealer of Boston, Mass., who lost injunction proceedings in the lower court. The other case before the court was an appeal by the government from a decision of Federal Judge Geiger enjoining federal officials from interfering with the Manitowoc Products company, a Wisconsin corporation, in the manufacture of beer containing 2.5 per cent alcohol.

In all the cases a general retack on the amendment was made on ground that it was revolutionary and constituted legislation in the guise of a constitutional amendment designed to regulate the private habits of individuals; that it interfered with the state's police powers; that it was invalid because adopted by two-thirds of the members of congress present when the vote was taken and not by two-thirds of the membership and that the amendment was not ratified by three-fourths of the states owing to provisions in many state constitutions requiring that amendments be submitted to a referendum.

Martial Law In Texas

AUSTIN, Texas, June 7.—Galveston was placed under martial law, effective at noon today, in a proclamation issued by Governor Hobby at 10:50 o'clock this morning, because of freight congestion there resulting from a strike of longshoremen.

Diving bells were used in the 16th century in efforts to locate wrecks of the Spanish Armada.

Members of the Lions Club of Ada are invited to be the guests of the Chamber of Commerce at their annual smoker to be held at the district court room tomorrow evening at eight o'clock. Hon. Hayden Linebaugh of Muskogee will be the principal speaker and there will be other speakers of ability. Besides that, some matters vital to the city of Ada will come up for discussion and it is necessary that the best interests of the city be represented. Let every member of the Lions Club who can possibly do so make it a point to attend this meeting. Tuesday evening, June 8th. ROBERT WIMBISH, President.

MORGAN GOT HURT

Wm. Morgan, Ada's star pitcher tore a rib loose on his right side in an effort to win yesterday's ball game single-handed. Words cannot be blended together that would express the many thanks that Ada people owe to this member of the club. It might be said as a whole that Morgan is a star, both as a pitcher and at the bat. His many friends in this city wish for him a speedy recovery and are sincere in their thanks for the efforts that were put forth by him in yesterday's game. He had a credit of 10 strikeouts and 3 hits in equally as many times up to the bat.

NOTICE!

We now take the pleasure of announcing that we are equipped to handle your transfer and storage business, whether large or small.
Out of town trips solicited as well as local.
Fire-proof storage and first-class service.

PRETTY AMERICAN BARONESS SAILS TO CHARM HIGH BELGIAN SOCIETY

Baroness de Cartier de Marchienne

Baroness de Cartier de Marchienne, wife of the Belgian ambassador to the United States, recently sailed for Belgium where she will spend the summer months. The baroness is a noted beauty and was formerly Mrs. Hamilton Wilkes Cary of New York.

POPULATION OF CITIES GIVEN

MANY CHANGES SINCE 1910. MORE THAN HALF OF CITIES IN COUNTRY INCLUDED IN LIST

By the Associated Press

WASHINGTON, June 7.—Population announcements of the 1920 census have been made for more than half of the cities of the country which in 1920 had 25,000 or more people. Some remarkable growths have been shown during the last 10 years which will make many changes in the rank of these larger cities. Perhaps the most notable growth thus far shown is that of the two Detroit suburbs, Hamtramck and Highland Park, ranking 1,623rd and 1,393rd respectively in 1910. Hamtramck now is slightly larger than Winston-Salem, which in this census advanced to the position of metropolis of North Carolina.

More than three dozen cities having less than 25,000 people in 1910 have gone beyond the 25,000 mark this year, while upward of a dozen have gone into the 100,000 class. There were 50 cities of 100,000 or more people in 1910 and 179 having 25,000 or more people.

Cities thus far announced having population under 100,000 and over 25,000 with their rank in 1910 and their 1920 population arranged in order of size, follow:

FIRST BAPTIST HAS GREAT DAY

FIRST WEEK BRINGS GREAT RESULTS; FORTY ADDED TO CHURCH; INTEREST IS GROWING DAILY.

Yesterday was one of the high tide days at the First Baptist church, where a revival is being conducted by Dr. W. D. Powell and Singer George W. Reynolds. Everything started off on "high" and remained so throughout the day. There were 431 present in Sunday school and at the morning service the building was packed to its capacity with every available chair that could be placed in the aisles. Dr. Powell spoke on the subject, "What Baptists owe to the world." It was a wonderful message and the congregation was held spell-bound throughout the discourse. In the afternoon at 3 o'clock the evangelist told of his travels in the Holy Land to another packed house. It had been previously arranged that the Oak Avenue Baptist church was to administer the ordinance of baptism to a group of candidates, so that congregation was present, also, and heard the message.

The speaker told of his stay in Rome and the many interesting sights he saw there, and his visit to Athens. He said that in Athens is a large Southern Presbyterian church and that every member in that church had been immersed. He said that if a Presbyterian should go there from the church in Ada and desired to unite with them that he would not be received on his letter but would have to be immersed into their fellowship; said that every denomination in Greece had to immerse those who came into its fellowship because a Greek knew his own language and would not be baptized any other way.

He next spoke of his travels in the Holy Land proper, of his visit to the house of Simon the tanner, to the Sea of Galilee, Jerusalem, Nazareth, Calvary and the River Jordan. He said that he had heard ministers of the river Jordan could be stopped with one foot it was so small. He told of what a large service it was, how many more than one hundred and fifty feet wide in places, and said that even now there are as many as five thousand people baptized there frequently in one day.

It is rather a coincidence that Dr. Powell and the singer, Mr. Reynolds, were both formerly members of the Presbyterian church, but from their understanding of the Bible had both become Baptists.

At 6 o'clock in the afternoon Dr. Powell went out to the cement plant and spoke to a group of Mexicans there. He speaks Mexican as fluently as English, and the Mexicans are very much delighted to hear him. There is only one Mexican in the crowd who ever heard the Gospel before.

At the night service the house was packed again and crowds of people could not get in the building. Mr. Reynolds started the song service at 8 o'clock and had the large congregation singing with all their might within a few moments. He certainly knows his business along this line and the music was wonderful. Mr. Reynolds and Mr. Jim Chapman sang a duet which moved many in the congregation to tears.

The evangelist spoke on the sub-

ject of, "A Door of Hope to the Hopeless," basing his sermon on the Prodigal Son. It was indeed a wonderful message and the great throng listened attentively to every word of the speaker.

During the day there were 39 professions of faith and 41 additions to the church, with 40 of them being by experience and baptism. The congregation is highly pleased with these results for the first week, and are confidently expecting to have more than one hundred additions before the meeting closes. It will continue two more weeks. Service each morning at 10 o'clock and each evening at eight. The Boys' Brigade meets each afternoon at 3:30, the junior choir meets at four o'clock and the girls meet at 7:30 each evening.

The public is cordially invited to all these services and will find a hearty welcome.

NOT HIS TRUCK!

Three men stood in a doorway when along came a youth on a truck, splash, bang, recklessly, over the roughest pavement in town.

"It's a wonder he wasn't upset," said one. "It is not his truck," said the second. And the third replied, "You've said it."

Such a driver might not have taken a purse out of somebody else's pocket. But is he too stupid to see that it is quite as bad to take the value out of somebody else's property—and that every man he passes has a right to call him down? Business could not be done if the cost of such recklessness was not passed on to the public.

FOURTH-CLASS POST MASTER EXAMINATION

The United States Civil Service Commission has announced an examination to be held at Ada, Okla., on June 26, 1920 as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at Fitzhugh, Okla., and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill any vacancy by re-statement. The compensation of the postmaster at this office was \$436 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be at full age for all purposes at eighteen years, women eighteen years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1753, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, D. C., at the earliest practical date.

Mohammedans claim divine inspiration for the Koran more absolute than the Christian church has ever claimed for the Bible.

Matches replaced the tinder box in 1820.

NOTHING LIKE IT DECLARES THIS TRAVELING MAN

Says Tanlac Built Him Up Eighteen Months Ago and He Still Feels Fine.

STUBBORN STOMACH TROUBLE OVERCOME

His Strength and Energy Soon Returned and He Now Feels Like New Man Since Taking Tanlac.

It is indeed doubtful if there has ever been a medicine endorsed by so many traveling salesmen throughout the country as has Tanlac.

One of the latest of these "Knights of the Grip" to testify is G. P. Harper, 2314 Sixth avenue, Birmingham, Ala., who represents the Yel-o-Pine company of Montgomery.

"When it comes to medicines for indigestion and other ailments caused by a bad stomach," said Mr. Harper recently, "Tanalac beats anything I have ever run across. It put me on my feet eighteen months ago and I have been feeling fine, and able to attend to business cheerfully and with plenty of energy ever since."

ly and with plenty of energy ever since.

"Before taking this medicine I had been suffering for two years from indigestion. My stomach would not digest anything properly and I could not eat without bloating all up with gas, which caused the worst sort of pains through my chest and made my heart beat like a trip hammer. I could eat no meats or drink coffee and I even had to cut out smoking. My appetite was very poor and my nerves had become so upset that I could never get a good night's sleep. I was considerably off in strength, had but little energy and could not take proper interest in anything.

"I had tried to find something to correct my troubles, but nothing seemed to reach my case. Finally I concluded to try Tanlac, hearing it so highly recommended, and since taking it I have felt like a new man. I can eat just anything, drink black coffee when I please and never have the least trouble with my digestion. I sleep like a child and am feeling fine all the time. Tanlac has helped me wonderfully and it's a pleasure to recommend it."

Tanalac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., in Roff by Dowdy's Pharmacy, in Allen by McManis & Rose, and in Vanoss by Chas. L. Berger.

OIL FIELDS AT ALLEN ALIVE

PRODUCING DAILY 1200 BARRELS AND AT LEAST FIFTEEN WELLS IN ACTIVE OPERATION AT THIS TIME.

By Oather Van Meter

When thinking of an oil field one usually brings to mind a lot of hubbub and disorder. 'Tis true these are accompaniments of fields just opening but, in established fields, we see crews of men going about their work quite as orderly as the ordinary business man goes to his work. Such is true of the oil fields around Allen. The field is active will be evidenced by the following:

K. C. Oil Co.
Drilling at Crumley No. 4, Sec. 27-5-8, at a depth of 250 ft.
Drilling at Roberson No. 14, Sec. 23-5-8, at a depth of 550 ft.
Moving equipment of Roberson No. 15, Sec. 23-5-8 to new location.
Drilling at Gray No. 2, Sec. 28-5-8, at a depth of 625 feet.
Derrick up ready to work at Case No. 13, Sec. 26-5-8.
Cleaning out Gilmore well No. 2, Texas Co.
Has been drilling in Sec. 6-5-9. Shut down at 2120 ft., awaiting the arrival of a new boiler.
Drilling in Sec. 2-4-8 at a depth of 250 ft. Will probably go 2500 ft. or more.
Great Lakes Oil & Gas Co.
Drilling at Bently No. 3, Sec. 28-5-8. Top of sand has been reached at present time.

Lawrence Oil & Gas Co.
Derrick erected at Holman No. 10 Sec. 5-8-27.
Prairie Oil & Gas Co.
Derrick erected in Sec. 28-5-8.
Homa-Okla Oil Co.
Drilling on Jacob Shields No. 2. "Fishing" in well at 1120 ft. in Sec. 33-5-8.
There are more wells being drilled in the field about which information was unobtainable. According to the statement of men who know, there will be even more drilling this summer. The field is to have a thorough test.

In fact, the field has already been tested and proved of worth. At present the total production of all wells easily reaches 1,200 barrels. All of this oil is refined by the local refinery at Allen.

Allen has a population of approximately 2,500 people. It is 22 miles by dirt road to Ada. However, it is the hope that in the near future a hard surfaced road will span the distance between the two towns. This is not altogether improbable as there is a live commercial club in each place and each is on friendly terms with the other.

Victor Hugo's children all died in his lifetime.

Will Visit Europe.
Max Westheimer of the firm of Westheimer & Daube plans to leave here Tuesday to visit points in England, Germany and other European countries for a period of three or four months. He is not leaving with the idea that he must get back at any certain time but will remain until he finishes his visit whether that requires three or six months. When the Headton field was opened in 1913 Mr. Westheimer entered the oil game and he has played one of the most successful games ever played by any oil man in the southwest. His success has come through the hardest kind of work coupled with a business mind that has been given the finest training. He deserves the rich success in the business world that has come to him.

It is often said that Max Westheimer is not merely held in high regard by the people of this city and this section of the state but he holds a place in their affections. He is not only honorable and clean in business but he is more. He has given response to every movement for the progress of his portion of the state. He has been responsive to every call for relief when disaster comes and there have been many homes lifted out of poverty and sickness by the big hearted generosity of Max Westheimer that the world knows nothing of. On his journey to Europe he will be accompanied by the sincerest wishes of the home folks for a safe journey, a pleasant trip and renewed health.—Ardmoreite.

Records kept for a decade by a large steel mill show accidents to be more frequent and more severe among non-English speaking workers than among those speaking English.

Hats cleaned and reblocked.—Miller Bros. 6-5-1f

NELS DARLING SPEAKS TO THE PUBLIC

My father was a skin specialist. For years he made a study of that dread disease, SCALDHEAD. There are two general types of this trouble, namely Dry and Wet. I have put father's two prescriptions for these troubles on the market. Do not take a substitute. If your druggist does not carry it make him get it for you or write me. Use Dry Zensal for the dry, scaly skin and Moist Zensal for the watery eruption. You will find Dry Zensal good for Eczema, Prickly Heat, Insect Bites. It will remove pimples and leave the skin soft, white and clear. A liberal jar for 10 cts.

The Zensal Co. of Oklahoma City, Okla. Nels Darling, Pres.

MAKE your hardest task easy. Get all the dirt in less than half the time and without physical exhaustion. Premier was made for daily cleaning. It replaces all other sweeping devices. It is inexpensive and efficient.

Let us demonstrate the many ways Premier will save time and labor; how it will make floor coverings bright like new. Come any day or telephone for a free home demonstration.

Convenient terms if desired.
